

A.R.C. Floors US

Basic Plus Lip & Tape

Specifications	
Roll Size	200 sq/ft
Thickness	2 mil
Width	40"
Wt/Roll	3 lbs
Color	Blue
Moisture Barrier	.5 mil PE (bottom)
Material	Closed Cell Polyethylene Foam, Film, Tape

**Lip extended 3" beyond pad material. Tape included on film opposite lip side.*

Installation:

Roll out underlayment. On the second roll, remove pressure sensitive tape and overlap the plastic careful not to overlap foam. Press tape into the lip to create a continuous moisture barrier. To ensure moisture barrier, end seams must be taped.
